## FROM NICE :

- 1) Take the Promenade des Anglais (the coast road) out of Nice past the airport in the direction of Antibes.
- 2) When you arrive in Cagnes-sur-Mer, you will reach a large junction at the start of the shops / restaurants – large Renault garage and Chinese restaurant on your right. Keep going straight on. Approx 100m further on, there will be a small Banque Populaire on your right hand side at a set of traffic lights. **Turn right** at these lights towards **Eglise Notre Dame de la Mer**.
- 3) You will then reach **another set of lights** which cross the RN7. You will have a **Casino supermarket** on your left, **Mister Pizza** straight ahead and a **Total petrol station** ahead of you on the right. **Go straight across**, to the left of Mister Pizza (avenue Cyrille Besset). You will be following brown signs for Haut de Cagnes and Musée Renoir.
- 4) Carry on up this road, past Picard frozen foods on your right. After about 200m, you will pass **over the motorway** and see the Haut de Cagnes old town ahead of you. Go straight on at the lights.
- 5) Another 300m further on, you will pass some new apartment blocks on your left, the road will become one way (two lanes) and you will reach a set of traffic lights with a **pharmacy** on the corner. Go **straight on**.
- 6) You will immediately reach a **second set of lights** – **turn right** into Avenue des Tuilières (florist ‘La Rose d’Or’ on the corner and baker ‘Le Blé des Anges ahead of you) also signposted to ‘Musée Renoir’.
- 7) 100m up this road, set back slightly, **on the right**, you will see a very **lemon yellow coloured house with green shutters**. There is also a flashing “Ralentir” pedestrian crossing sign. Slow down as our entrance is the third one after the yellow house (they are in quick succession). Big dark gates set back slightly and a fairly steep drive – marked 22 and 22 bis. The office is in the tall white house with green shutters, right at the top of the drive. There is plenty of parking just after the second gate on the left. The office door is on ground level on the side facing the parking area.

When you leave our drive, if you are turning left towards the Town Centre, there is a road which joins the main road almost immediately. Please note that this **small road has priority** – and they use it!
